Rick started the meeting with a welcome to new members. He will schedule future meetings and inform all members of date and location.

A discussion on the festival booth and prizes ensued. Should all prizes have a uniform value? Should donations be accepted again, as some items were of poor quality and were not able to be used? Should donations be sought after? If donation route is used, email should ask for gently used toys in clean condition. Members were reminded that all proceeds of the booth go straight to the church per Fr. Simone. The scouts do not pay anything for the booth space and the putt-putt surface has been resurfaced. Rick will talk to Heather regarding the solicitation of prizes. A schedule for the festival booth is needed; it will be sent out to request volunteers. The festival is June 19-21.

Upcoming dates:
